# DARTFORD

## HISTORICAL NOTES.

To the great grief of his many friends, Mr. S. K. Keyes did not live to see the publication of his second Volume of Dartford's History. It was, however, practically completed at the date of his death, and we are pleased to announce that this very important book is now in the Binders' hands, and will be published on Monday, October 17th.

We feel sure that you will wish to receive a copy on publication as a lasting memento of Dartford's first Freeman. Although this Volume contains 1,006 pages of very interesting letterpress, and 169 pages of illustrations with a coloured frontispiece of the Borough Arms, it has been decided to charge One Guinea only for the book.

Particulars of Contents and Illustrations are given in this folder. The binding is Art Blue Cloth lettered in real Gold.

Orders should be sent to the Publishers on the postcard attached. Payment can be made with order, or on receipt of invoice. An early reply is requested as the issue is limited.
